The image displays two overlapping windows. The background window is the REA Data Portal website, which features a search bar with the text 'NGB' and a 'Search' button. Below the search bar, there are filters for 'FILTER CONTENT TYPE' (set to 'Live Map Services') and 'WHERE' (set to 'Anywhere'). The search results show a list of downloadable data, including 'REA NGB Ecoregions near the NGB', 'REA NGB Fire Frequency 1990 - present in the NGB', and 'REA NGB Fire Frequency 2000 - present in the NGB'. A mouse cursor is pointing at the 'Open' button for the 'REA NGB Fire Frequency 1990 - present in the NGB' result. The foreground window is an ArcMap application titled 'Untitled - ArcMap'. It shows a map of the NGB area with fire frequency data overlaid. The map is color-coded by fire frequency, with a legend on the left showing values from 1 to 5 or greater. The map also shows the NGB boundary and other geographical features.
