

ArcGIS (AGOL) Resources for BLM Users

How to gain access to BLM EGIS ArcGIS Online (AGOL)

- [General Policies for BLM EGIS AGOL](#)
 - BLM's guidelines for using BLM EGIS ArcGIS Online (AGOL) for Organization
- [BLM EGIS AGOL Custom Roles](#)
 - A list of BLM Custom roles and their permissions. The day-to-day governance and interaction with BLM EGIS AGOL Organization is carried out through roles. Each of the BLM ArcGIS Online Roles builds upon previous roles permissions.
- [How to get an AGOL DOI SAML User Account](#)
 - Instructions on how to get an BLM ESRI AGOL SAML User Account
 - [Request to Change Permissions in AGOL through Remedy](#)
 - This SOP provides Users instructions on how to submit a [Remedy Ticket](#) to change their permission in BLM EGIS ArcGIS Online for Organizations.
- [Request Access to AGOL for Mobile Device use through Remedy](#)
 - This SOP provides Users instructions on how to submit a [Remedy Ticket](#) to request access to BLM EGIS ArcGIS Online for Organizations for Mobile Device use. (How to request a BLM Mobile Editor account)

How to use your access to AGOL

- [Suggested ESRI Training for AGOL](#)
 - Links and descriptions for suggested ESRI Training for AGOL for each custom role in BLM AGOL. Training is in the form of seminars, web courses, and instructor led courses and covers data access, making web maps and web apps, analysis and work flows, and AGOL administration.
- [BLM EGIS Portal AGOL Metadata and Naming Convention](#) – Item Details Requirements
 - A pdf explaining what is required to be fill out in the Items details for EGIS Portal and AGOL by BLM. (Metadata and Naming convention for Portal and AGOL.)

Hint! On the [Landscape Approach Data Portal](#), you can filter your search by REA Live Map Services and use these to make maps in AGOL while logged into your account or simply view them in the AGOL Map Viewer (You would need to Sign In to save your map). See ESRI training for more details.
