TRAINING AND INFORMATION SHARING

Training Sessions - National Riparian Service Team (NRST) with selected summaries

Kansas Interagency Riparian Team - Abilene, KS.

The NRCS and a variety of state agencies have formed a team to focus on riparian restoration and management. They wanted to learn PFC and apply it on several of their streams as they were looking for a common statewide assessment method.

Riparian Grazing Training sponsored by EPA - Boulder, CO

Biological Soil Crust Pilot Course - Phoenix, AZ

OSU Rangeland/Watershed Class (John Buckhouse)

Oregon DEQ Staff - Portland, OR

Provided training on Rosgen channel types and the relationship with PFC.

Langston University - Langston, OK

Pacifica/Forest Farms Group - Williams, OR

Mt Bachelor Academy - Ochoco National Forest

PFC and use of Aerial Photography - Fairbanks, AK

“Train the Trainers” for new PFC cadre members - Ellensburg, WA

A great mix of people from various western states, North & South Dakota, and British Columbia endured long days and difficult field sites as part of their preparation to participate in this cooperative effort.

Riparian Grazing Training - Cedarville, CA

The BLM Surprise Resource Area sponsored this 3 day course involving 6 teams of varied backgrounds and interests. As requested, they provided a situation that examined the entire 12 month operation with full participation of the rancher.

Nevada Cattlemen's Riparian Grazing Field Day - Elko, NV

NRST Training Sessions (continued)

Colorado Cattlemen's Riparian Grazing Training - Crested Butte, CO

This training was sponsored by the CCA and was included as an extension of their summer meeting. PFC and grazing strategies were discussed on several field sites.

Upper Dakota RC&D - Bottineau, ND

Red River Watershed Council - Park River, ND

PFC, Riparian Grazing, and Monitoring - Payson, AZ

U of A Cooperative Extension hosted this 2 day session with the Forest Service providing field sites. It was very well attended with a good mix of agency personnel and ranchers.

Water/Road Interaction Workshops (SDTDC & FHWA) - Nashville, TN & Reno, NV

The NRST serves as part of a national cadre established to provide training to various state and federal agency personnel. This is part of a multi-agency effort to improve road management and maintenance techniques across the county.

Quivera Coalition - Penasco, NM

A rancher/environmental coalition, this group's mission is to work toward ecologically healthy rangeland and economically robust ranches.

Deschutes Provincial Advisory Council, Prineville, OR

Region 6 FS Aquatic Monitoring (NR-16) - Bend, OR

Training Sessions - Interagency PFC Cadres

CONSULTING AND ADVISORY SERVICES

NRST Service Trips (with selected summaries)

Burnt River PFC Assessment, OR

Evaluation done in cooperation with NRCS, Range Extension OSU, Oregon Cattlemen, W-W National Forest, and the local Irrigation District. Private landowners are voluntarily allowing access to their lands for this assessment.

Truckee River CRMP, Truckee, CA

Tui Chub Conservation Agreement, Cedarville, CA

Providing technical assistance in the area of fisheries and riparian management to the local watershed group developing the Cowhead Lake tui chub Conservation Agreement and Strategy. Involved parties include, USFWS, private landowners within the watershed, BLM, California Department of Fish and Game (CDFG), California Cattleman's Association, and California Farm Bureau Federation. Private landowners are voluntarily allowing access to their lands.

Lakeview Sustained Yield Unit Analysis - Lakeview, OR

Forest Service Riparian Program Managers Workshop

Stream Corridor Restoration Handbook Pilot Training Curriculum - Sheperdstown, WV

Federal Highway Administration Road Design Project

In cooperation with USFS, BLM, FEHA, NMPHS, EPA, and the local county road departments. Determine site potential and offer soil bioengineering options that would help stabilize Blaine Road and improve the health of the Nestucca River.

NW Group of the President's Council on Sustainable Development - Stevenson, WA

Langston University (initial meeting, scoping, field work) - Langston, OK

Mexico and Texas - Canyon de Santa Elena and Rio Gavilan

Klawock Watershed Assessment assistance - Craig, AK

This request was to help the Forest Service get started using both lotic and lentic PFC in a watershed assessment. Advice was also give on combining PFC assessment results with fish habitat data and road management options.

Little Missouri National Grasslands - North Dakota

Summit Fire, Malheur National Forest - John Day, OR

The objective of this trip was to provide advice on the relationship between fire, vegetation recovery, grazing, and PFC concepts, to help guide development of management strategies for resuming grazing after fire.

Lost River Ranger District, Salmon-Challis NF - Mackay, ID

This was an assignment to evaluate several systems in relation to forces of natural stress and management stress and to help develop management and monitoring strategies in that context.

Indian Creek Watershed, NRCS & Feather River RC&D, Greenville, CA

Summit Creek, Malheur National Forest - John Day, OR

Silver Lake Watershed Council - SilverLake, OR

Lost Creek Evaluation, The Nature Conservancy - Central Oregon

The results of this evaluation will be used to develop a management plan for the recently acquired Juniper Hills Preserve.

Ongoing Participation

Governor Kitzhaber's Independent Multidisciplinary Science Team

PACFISH Monitoring Team

FS/BLM Grazing Implementation Monitoring Module Team

Regional Implementation Support Team (RIST) for ICBEMP

A1/A2 Core Network Adjustment Team

Ochoco Creek Restoration Projects

Federal Caucus Habitat Committee

Sycan-ZX CRM

Consensus Institute, Sustainable Communities Steering Committee (WSU)

Society for Range Management Riparian & Watershed Committee

San Dimas Technology and Development Center (tech transfer)

Washington State Department of Transportation (research and design)

Forest Service Riparian/Roads Core Team

General Advice & Document Reviews

Draft 3809 Mining Regulations EIS
Draft Unified Federal Policy on Watershed Management
BLM response regarding the North Fork John Day Wild & Scenic River appeal
Draft EPA document Guidance on Controlling Agricultural Sources of NPS Pollution
Draft white paper on the relationship of PFC & TMDLs
Draft NRCS Riparian Forest Buffer Standard
Modoc County RC&D Watershed Education Curriculum
Study design for an exclosure research project (OSU)
Advice on meadows - compaction and hummucking
Comment on Owyhee lawsuit plaintiff declaration on use of PFC
Round Butte - Pelton Dam FERC relicensing restoration/mitigation criteria
USDA-ARS Jornada Experimental Range draft Rangeland Monitoring Manual
NFWF riparian project proposals (Pam McClellan)
Region 3 Riparian Guide
Draft Riparian Monitoring Technical Reference (Al Winward's)
Draft PhD proposal - Measuring Success: An Evaluation of the National Riparian Service Team as a Facilitator of Long-Term Collaborative Riparian Stewardship
PFC/SMART integration test (Region 6 FS)
Draft Streambank and Lakeshore Stabilization Guide (SDTDC)
Packard/NFWF Pacific States riparian project proposals (Gregg Elliott)
Draft fact sheet on use of PFC on intermittent and ephemeral systems.
Helena National Forest Riparian Grazing Guidelines
Owyhee River Wild & Scenic lawsuit deposition

State Cadre Service Trips

ARIZONA

Provided advice to AZ DEQ & Water Resources Dept who want to use PFC as a standard for state streams. Effort would correlate FS & BLM data for increased interagency consistency to depict general statewide riparian condition.

Assisted private land owner in assessing stream condition and providing management options.

NEW MEXICO

*Review of PFC assessments conducted by BLM Farmington District
Review of PFC assessments conducted by BLM Monticello District
Conducted PFC assessments on the Lincoln NF, Sacramento Allotment
Conducted PFC assessments on Cereza Canyon and Largo Wash, BLM*

PROGRAM REVIEW

Program Evaluation

Initiation of a Customer Service Evaluation process to help determine how effective this approach for Accelerating Cooperative Riparian Restoration and Management is in meeting major goals and objectives.
